Five Men Taken from Jail and Hanged

IN TRUE NORTHERN STYLE

The Men Were Suspected of Having Been Guilty of Numerous Robberies.

ing their way to the cemetery yesterday the majestic arm of the law, represented by Sheriff Moore of Indianapolis assistant attorney general, was busy trying to bring the lynchers to justice. Moore, who represents Governor Mount, says he is here to make a full report to the governor of the circumstances of the case. He has talked with the sheriff, deputies and others, and can get nothing tangible. It has been ascertained that the name of the man who tipped off the robbery to the authorities is Peter Hostetter. He is said to be a member of Webster detective agency of Indianapolis. It is also said that he was sent to Osgood to ferret out the gang which has been doing the thieving in that vicinity. He was an alleged prize fighter. He was seen at North Vernon yesterday afternoon on his way probably to his home in Kokomo. He had a new suit, plenty of cash and two revolvers.

Richard James Patterson

A Prominent Trade County Farmer—Reminiscences of the Good Old Times.

Richard James Patterson was born Sept. 25, 1818, in Green county, Ky. When about 18 years of age he moved to Harrodsburg, where he resided 10 years, and after spending one year in Breckinridge county in 1832, moved to present home in Meade county. (His father, Samuel Patterson, was born in Fredericksburg, Va., in 1785.)

December 28th, 1852 R. J. Patterson married Miss Barbara Lewis, mother of J. W. Lewis, of Brandenburg, and A. C. Lewis, of Louisville. Mr. Patterson has been a resident of Meade county for 45 years. He has seen the county grow from a wilderness to a cultivated and settled land. He has seen the county grow from a wilderness to a cultivated and settled land. He has seen the county grow from a wilderness to a cultivated and settled land.

two tax receipts in his possession. The first is for \$7.00 on the year 1843, signed by A. S. Gardner, Sheriff of Harrodsburg, and the second is for \$23.15 signed by R. P. Hagan, Sheriff of Meade county 1867.

He says the first corn crop he ever raised for himself, he rented the ground from Jack Stoval, of Harrodsburg, and gave Stoval one-third of the crop for rental, and that he, Patterson, sold his part of the corn for 12 cents per bushel after it was threshed and cribbed. He says he remembers his father selling wheat at 35 cents per bushel and paid labor for harvesting said wheat 35 cents per day or a bushel, whichever the laborer chose to accept.

Mr. Patterson is 79 years of age the 25th of this month (Sept.) and his mind is as clear upon his business transactions as ever before in his life. And it is one of his delights to tell of his business career, his ups and downs through life.

He recalled an incident to-day in conversation with his son when they were in jail it was quietly suggested by the victims and sympathizers that the robbery should be summarily dealt the prisoners. It was a clock yesterday morning when horses seemed to come from all quarters and dismounted on a hillside near Versailles. Little time was lost for the details had been arranged. Quietly about 400 men marched into the town.

The jail was in charge of William Keen, Sheriff Bushing's brother-in-law, the former being in the account of his injury. In front of the jail proper is the residence of the men who were Acting Jailor Keen and Robert Barnett, William Keen and Len West, deputy.

Shortly before 1 o'clock there was a knock at the door when the men who were in the jail and others opened the door they were presented with pistols by three masked men and asked to turn out. They did this, and then the men filed into the jail. There were 12 prisoners. Levi, Jenkins and Shilner, were the lower floor, while Gordon and Andrews were in the upper floor. Jenkins and Shilner showed fight, and the former was shot through the breast, while the skulls of the two latter were crushed with a stool.

Repairs were in progress, and adjusting a screw around the neck of each, their feet and hands were pinioned, and then the march began. They were not carried, but with several men at the end of each rope, they were dragged a distance of 500 feet to an elm tree, where their bodies were suspended. It is said Levi, Jenkins and Shilner were dead before they reached the place. Death resulted from hanging in the case of Gordon and Andrews.

VICTIMS BURIED. Efforts were made to find out the names of the men. Versailles, Ind., Sept. 17.—While the funeral cortege of the victims of Tuesday night's hanging was winding its way to the cemetery, a large number of people were gathered to witness the funeral.

YELLOW FEVER

Efforts to Stamp it Out Partially Successful.

IT'S COMING UP THE RIVER

But Will Soon Encounter Jack Frost and Be Banished from the Fair Southland.

NEW ORLEANS, Sept. 20.—The local fever situation has undergone but little change since the report of the 24th inst. record book in the board of health office shows a total of six new cases and one death, that of Joseph Clafary, an Italian, of 2628 Ursin street.

The new cases are: Rosalie Bagn, Harrodsburg, and John D. Smith, from Cambridge and Jefferson.

Irene Tettell, Charity hospital. William Brandon, 629 Philip. Nora H. Hayes, 3147 St. Claude street. Green, colored, 1558 Camp street.

The first two cases are in the extreme upper portion of the city; one is in the fourth district, one is in the St. Claude street house, where the original six cases were reported, and one is in the Williams house, where two cases already existed.

There are three cases under investigation and the health authorities still view the situation with some complacency. They do not yet anticipate an epidemic, as at its meeting last night the board decided to abandon its night sessions and created Dr. Oliphant master of the campaign against the disease with leave to solicit aid from local physicians and the municipal authorities, but the afternoon and night bulletins will be continued.

The report of Dr. Mott, the city chemist on the condition of the Italian quarry moved the board to prompt acceptance of the offer of the city of the marine hospital as a refuge. Dr. Mott found as many as 60 people here together in the Italian quarry living in squalor and filth. In one of the rooms the Italian quarters and the Italian quarry to become a plague spot. It was, therefore, decided to guard and to remove as soon as possible most of the families to the old marine hospital. The hundred negroes who now occupy the latter building will be given quarters in one of the new schools in the vicinity and the marine hospital quarters will be permanently used as a refuge until the fever is stamped out, for the families of the Italian quarters and the Italian quarry to become a plague spot.

At EDWARDS AND BLOKH. There has been a slight increase of Cases.

VICKSBURG, Miss., Sept. 20.—The fever at Edwards shows but slight increase and no deaths have occurred. Dr. Purvis has reported four new cases, as follows: Mr. R. Ratiff, Frank Angiano, John Levy and Jesse Sharp, colored.

Disinfection has commenced and building is being burned when it can not be disinfected. The health authorities are endeavoring to prevent Father Pruden of this city, who has never had the fever, from going to Edwards, but he considered it his duty to go.

Eleven new cases and one death during the past twenty-four hours. Monday, Sept. 20.—The official bulletin for the past 24 hours shows 11 new cases, as follows: J. W. Carlin, J. J. Boone, David Myron, George Mayfield, Lettie Johnson, R. S. Schenck and wife, Frank Collier, Willie

Chaplin, Eugene Rencher and Miss Allman. One death, that of Frank Donaldson. He was 16 years of age and a paper carrier. Total cases to date, 29; total deaths, 3. The total of cases shows a persistence of the disease, but not a rapid increase, and all the cases are in one infected district save in one locality on the Old Shell road and in the marine hospital. All the cases with one or two exceptions are doing well.

COMING UP THE RIVER

Two Prominent Cases of Yellow Fever at the Marine Hospital at Cairo, Ill.

Memphis, Sept. 20.—A special to The Commercial Appeal from Cairo, Ill., says: Dr. Gutierrez, the yellow fever expert, who arrived here from Mobile at noon yesterday, has pronounced the two suspicious cases at the marine hospital to be yellow fever of a mild form. Owing to the prompt measure taken there is no danger of its spreading. The hospital is thoroughly guarded.

There are several cases of sickness on the government dredge boat Alpha, lying at East Cairo, Ky., and Dr. Gutierrez and Egan will investigate and quarantine the state from the men in the hospital came from this boat and the other from Point Pleasant, 83 miles below here.

The board of health has instituted a strict quarantine against East Cairo, Ill., and Dr. Duns from Boston, Mass., last night Dr. Egan, secretary of the board, issued an order addressed to the state of Illinois, instituting quarantine against the state of Alabama, Mississippi and Louisiana.

Doing Well at Ocean Springs. OCEAN SPRINGS, Miss., Sept. 20.—Dr. H. W. Jones, Dr. Duns from Boston, Mass., reporting three new cases of mild fever, no deaths and all cases doing well. Disinfecting the house of Charles Kiper, executive committee of the Mississippi state board of health, orders Dr. Duns to turn over to Surgeon Murray his charge, consisting of Ocean Springs, Mississippi, and proceed to take up Edwards.

DAMAGES FOR A LYNCHING.

The Smith Anti-Lynch Law to Be Tested in this Case. URBANA, O., Sept. 20.—Hon. Charles H. Boster of Dayton, speaker pro tem of the house of representatives, and Hon. George M. Eisenhower of this city, as attorneys for Benjamin F. Church, who has been appointed administrator of the estate of Charles V. "Click" Mitchell, has filed suit against the county commissioners to recover \$5,000 from the county for the lynching of Mitchell, which is the amount of damages fixed by the Smith Anti-Lynch law.

Our Neighbors.

PELLVILLE.

William A. Downs, of Kirk, visited relatives here last week.
Hugh Reid and Tom Temple have bought the J. F. Bennett farm. Thomas visited his daughter, Mrs. C. W. Downs, at Kirk, last week.
The drought here has caused tobacco and corn to dry up in the field, and the prospects ahead are gloomy in the extreme.
John Milligan, of Kansas, is visiting his father. He says, he thought of staying here, but crops are so much worse here than there he will return.
Frank Lonitz went to Owensboro Thursday, to bury his fourth child, who died here that morning. It cost him \$25 for the right to bury it in the Jewish grave yard.

Ora Moseley, the oldest daughter of Mort and Alice Moseley, died the 5th inst. after an illness of eight weeks of typhoid fever. Rev. J. D. Hocker, Ohio county, preached her funeral the 7th, to a large crowd.
The reply to Uncle Jonathan's howling in the News recently was timely and good. If all the papers were like the News, acknowledging anything when they see it to be so and come down on all who persist in having hard times and general calamity continually, the people would be better off. It is by continually crying hard times that brings on an epidemic of trouble, and some of the editors delight in humoring foolish people by keeping the dark side of everything always in front. Fresh good times while and let politics alone, would be a splendid idea.

BIG SPRING.

Mr. Morris is attending conference at Henderson.
Miss Jennie Fritz, of Louisville, is visiting Miss Ruby Miller.
Miss Katie Mosberger, of Cecilia, will teach music here this winter.
Mr. C. D. Hardaway, near here, has built him a safe and has it filled.
Mr. Tom Hardin is home from London.

ville suffering with a sore finger.

Mr. Jess Horrell, of Cecilia, was the guest of Miss Daisy Meader, last Sunday.
Mrs. Joe Clarkson and daughters have gone to Louisville to spend the winter.
Miss Harve Jenkins, of Glendale, was the guest of Miss Ruby Miller last Sunday.
Miss Clara Morris has returned to Louisville, after several weeks stay with her father.
Mr. Asher Graham, of Murray Ky., was the guest of Achille Murren last Sunday.

Members John Meador, Jr., and John Morris visited friends at Long Grove last Sunday.
Mr. Ben Clarkson, Jr., and sister Miss Lydia, attended a dance in Elizabethtown last Wednesday eve.

There will be preaching at the Baptist church the 4th Saturday and Sunday of this month instead of the 3rd.

Mrs. Collins and children, of Louisville, who have been visiting her father, Mr. A. R. Morris, returned home last Friday.
A telephone line is being talked of between Custer and Hardinburg to connect with the Big Spring line at Custer.

Miss Myrtle Moorman has gone to Murray Ky., to spend the winter with her sister, Mrs. Graham, and will attend school.

Miss Zelma Strother has returned home after several weeks absence with friends at Long Grove, Cecilia and a trip to the Centennial.

The "Riccioli's Best Friend" is a familiar name for DeWitt's Witch Hazel Salve, known ready for emergency. While a specific for piles, it also instantly relieves and cures cuts, bruises, salt rheum, eczema, and all affections of the skin. It never fails.

GARFIELD.

Mr. James Donovan went to Louisville Wednesday.
Mr. and Mrs. Tom Gregory and daughter, Mary, attended church at Harrod Sunday.

Miss Nannie Board returned home last Monday from Glendale, after several weeks' visit.

Mr. Albert Richardson, of Chicago, dined with Misses Nannie and Katie Board Monday.

Miss Oma Crompton came home Sunday, after a pleasant visit with her sister at Germantown.

Mrs. Fannie Board and J. H. Murdock were called to Louisville last week to see their son, Mrs. M. E. Pate, who died in that city.

The meeting closed at Lost Run last Tuesday. Brother Richardson did some able work with the church. The meeting was a success, and the church members were baptized and added to the church.

Members Sept and Albert Richardson arrived Thursday for a few days' visit to their brother, Abe Richardson, of this place. They were accompanied by Miss Nell Richardson, Mrs. Lena Miller, of Union Star, and Mrs. Cora Board and little daughter, of Hardinburg.

The sad news has just reached us of death entering the home of one of our friends, Mrs. A. J. Reed, of Louisville, and taking her youngest daughter, Fannie Lee, who died of heart dropsy on the 8th instant. We extend our heartfelt sympathy to Mrs. Reed in her sad hour of trouble. We feel that she is very much grieved, as she had to give up her mother two weeks ago, and now the taking part of her home has been taken from her. The remains were taken to Louisville Thursday and buried in the cemetery of that place, by her father.

Small precautions often prevent great ailments. DeWitt's Little Early Risers are very small pills in size, but are most effective in preventing the most serious forms of liver and stomach troubles. They cure constipation and headache and regulate the bowels. —Short & Haynes.

DUKES.

The drought continues.
Robert Duke is quite sick.
Farmers are cutting their tobacco.

Mrs. Angeline Tindle has been very poorly, but is now some better.
A big portion of the tobacco of the neighborhood will be cut this week.

A good rain is much needed, that the farmers may prepare the ground for sowing wheat.

Rev. Morton will preach at Pigeas church the fourth Sunday in this month at 11 o'clock.

Nate Starks has struck water in his well, but not of sufficient quantity, and he will go deeper.

Farmers are cutting their corn, feeling that they will stand in need of much "roughness" to carry their stock through the winter.

Mr. John Duke thanks the people of this neighborhood for the many kind words bestowed upon his mother in the last days of her illness.

Mrs. Duncan died Wednesday evening at 3 o'clock, and was laid to rest Thursday in the Wheatley graveyard. Mrs. Duncan was the mother of J. Z. Duke, formerly of Fort Branch, Ind., but has been living with her son three weeks previous to her death. She was 73 years old and had been nearly helpless for several years. The bereaved ones have the sympathy of their friends.

Certainly you don't want to suffer with dyspepsia, constipation, sick headache, yellow skin and loss of appetite. You have never tried DeWitt's Little Early Risers for these complaints or you would have been cured. They are small pills but great regulators. —Short & Haynes.

CONCORDIA.

William Lewis is ill with fever.
The Mattingly hotel is being painted.
Tom White, the apple buyer, is in this city.

vicinity.

T. E. Tyler has a new ice-house in construction.
School will open Monday with H. D. Whelan as teacher.

Miss Pearl Harrison, Henderson, has returned to her home.
Lave Stewart, Louisville, is visiting his sister, Mrs. Mattingly.

B. T. Worland, Brandenburg, is visiting P. E. Buren's family.

Miss Ann Livers, Moosleyville, is visiting her brother, William Livers, Louisville.

Rev. J. J. Willett filled his regular appointment here Sunday night.

Miss Annie Chaffin, Louisville, is visiting her brother, John Chaffin.

The vocal music school is progressing nicely, with H. Hickerson as instructor.

Miss Annie Mattingly spent several days last week with Daisy Pike, near Rhodella.

Miss Katie Baaham returned home Sunday, after a very pleasant visit with Nod Greenwell and wife.

Mrs. Jacob Roberts and family, who have been visiting Mr. William Roberts, have returned to their home in Evansville.

Newcom Gardner, one of Union Star's promising young men, visited "The Pioneer" on Tuesday last, the guest of Miss Corine Baaham.

Embert, the four-year-old son of Caleb Brown, met with a very painful accident Saturday afternoon. While playing near the shingle machine the little fellow walked through some hot ashes, burning both his feet very badly.

A Cure for Bilious Colic.

Resources, SCARVER CO., Ga.—I have been subject to attacks of bilious colic for several years. Chamberlain's Colic, Cholera and Diarrhoea Remedy is the only relief. It acts like a charm. One dose of it gives relief when all other remedies fail.—G. D. SHARP. For sale by E. E. Vetter, Cloverport, and R. A. Shellman, Stephensport.

YELLOW LAKE.

Little Harry Storms has been real sick this week.
Miss Linnie McDaniel returned to Henderson last Saturday.

Miss Julia Rhodes is able to be out with her friends again.
Mrs. J. C. Mercer, Falls of Rough, is visiting her sister, Mrs. Sam Parsons.

Miss Bona Roberts, West View, is the guest of Miss Neddie Hunter this week.

Misses Maggie Wheatley and Margie Rhodes dined with Miss Ned Hunter last Tuesday.

Miss Della Cannon, Kirk, is visiting the family of her uncle, Mr. W. T. Cannon, this week.

Miss Maggie Lewis, Cloverport, is visiting her grandparents, Mr. and Mrs. W. E. Dockery.

Several of the children will receive their Holy Communion at St. Anthony's, Longlick, the 3rd Sunday.

Misses Margaret and Rosa Haffey returned last week from a pleasant visit among relatives near Cloverport.

Mrs. Viola Mattingly spent last Saturday night with her uncle, Mr. Ned Cannon, who she was not expected to live.

Our people are liking the telephone so well there is talk of running another line to Hardinburg by way of West View.

Mr. Fred McDaniel is looking well, and is feeling much recovered, and we are very glad he intends remaining in our midst for awhile.

Mr. Lonnie Glasscock hopes his friends will understand that it was all a joke about Mr. Webb and his bicycle upset and his car.

Miss Maggie Wheatley went here to her sister's, Mrs. Luella Sheeran, near Kirk, last Wednesday. We are very sorry Mrs. Sheeran is sick with chills, and that Miss Maggie did not get to finish her visit here. Hope in the near future we can have it all over again, especially that "boat-ride."

Several friends and sweethearts assembled at the home of Miss Maggie Rhodes last Sunday, which was a great pleasure to the hostess. The crowd was composed of Misses Clara Cannon, Mary and Lena Mattingly, Rosie Moore, Sue Rhodes and Maggie Wheatley, Messrs. E. W. and Thomas Moore, Bob and Clarence Rhodes, Dee Bradley, Jimmie Mattingly, St. Anthony, and James Mattingly, Kirk.

DEATH OF WEB CARSON.

'Tis with sympathy we chronicle the death of Mr. Ned Cannon, which occurred on the 14th instant at his home in McDaniel.

Mr. Cannon was aged about 73, I think, and had been a patient paralytic for over two years, unable to help himself but still able, thinking he could stand alone by holding to the mantle as he went before, he fell, hurting himself to such an extent that he lived only a few days.

He was a man of kind heart and many good qualities, and we hope in his leaving this earth he has made a happy exchange. His parents, brothers and sisters all went before him, and he leaves in family only his wife, whose health and broken heartstrings only the great Healer can cure.

The funeral took place from the Methodist church and his remains were laid to rest in Pleasant Hill Cemetery, there to await the "resurrection morn."

No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. DeWitt's Little Early Risers, the pills that cleanse that organ, quickly.—Short & Haynes.

GLENDEANE.

O. H. Drury takes the blue ribbon as road overcrosser.
C. D. Hardaway will begin filling his silo this week.

Z. T. Smith's visitors have returned to their home in the city.

ANDY CATHARTIC
Scarcets
CURE CONSTIPATION
REGULATE THE LIVER ALL DRUGGISTS
10¢ 50¢
ABSOLUTELY GUARANTEED to cure any case of constipation. Scarcets are the Ideal Laxative. They are gentle, safe, and effective. They are sold by all druggists and by mail. Write for literature and sample box. For Sale by S. A. R. Fisher.

A goodly number of persons from the Big Spring circuit attended our Quarterly meeting.

Miss Mary Board, of Hardinburg, is visiting her friends, Misses Blanche Jolly and Lena Drury.

Miss Mattie Clarkson, whose illness we deplore was able to be out to church Sunday morning.

The Epworth League has taken Epistle 5-19 as a topic for a literary meeting Oct. 2, Saturday evening.

Mrs. Arthur Spies, of Meadow Lawn, Jefferson county, is now visiting friends and relatives in our vicinity.

The good people of our church are always glad to welcome Mr. and Mrs. Cole, of Irvington, to their services.

Mr. Albright who lived on the W. J. Smith place last week, leaving it Christmas, moved back there last week.

Bewleyville began to hold a light to Irvington by having a small robbery committed in G. E. Drury's store. It was a "small fry" affair.

Miss Mamie Darling, who has been the guest of her aunt, Mrs. C. H. Drury, the past month has returned to her home in Carrollton.

The News without the "Public Occurrences" of either Bewleyville or Brandenburg sustains quite a loss. The "Calamity howlers" will get the Editor "if he don't watch out."

Mrs. C. L. Hawkins left for her home last week. Florence's visits are always too short. They say that is the way to make "long friends," but it would be nice to see just a little more of Mrs. Hawkins.

To heal the broken and diseased tissues, to soothe the irritated surfaces, to instantly relieve and permanently cure the nation of DeWitt's Witch Hazel Salve.—Short & Haynes.

JACKSON'S SCHOOL HOUSE

Notwithstanding the drought the farmers have good crops.

Miss Alice Drickey, Mattingly, has returned to her home after a short visit to her aunt, Mrs. Julia Jackson.

Sam Jackson is building a beautiful residence on his farm here, which will be a credit to the community.

J. B. Bates has moved his saw mill to Kirk where he will cut timber for Wm. Ball and for himself. He has bought some timber there.

Capt. Vest, it is reported to us, had a very successful fishing trip last week. He and Joe Tait is the crowd. Don't you imagine they had a sure enough good time?

R. H. Bates, Jr., wife and brothers, C. B. and Dee Bates, visited their father, near Whiteside, Daviess county, last week. They report that crops are suffering much for rain.

Mr. Dud Moorman, of Hancock county, is in our midst last Sunday, and from his quite frequent visits of late, we are inclined to think some special attractions are drawing him.

It has been a long time since the News has had good crops.

A Message to the American People Explaining the PRESENT BOOM IN OUR WHEAT

He Describes How it will Affect the Issue of Bimetallism—Views of a Great Party Leader.

(Copyright, 1934, by the Press Publishing Company, New York World.)

To the Editor of The World:

The rise in wheat will aid rather than injure the cause of bimetallism. While a few people may be inclined to give an administration credit of blame, as the case may be, for everything that happens during its existence, every intelligent person reasons from cause to effect. Wheat has risen because the foreign crop has been exceedingly short. Bimetallists contend that the law of supply and demand is universal. They apply it not only to money, but to bacon, both gold and silver, to wheat and to every other article of value. They contend that the exchangeable value of both money and merchandise will be affected by anything which affects either demand or the supply.

The American wheat grower is just now profiting by the almost unprecedented disaster which has overtaken the wheat growers of India, Europe and South America.

Reputation Restored in Nebraska. When wheat reached 75 cents a bushel, a Republican in western Nebraska pointed out that the rise was just about equal to the tariff on wheat and asked the rise to the tariff on wheat and it would be an insult to the intelligence of the average Republican to suppose him capable of claiming a change in the law. While wheat is higher in Liverpool than it is in New York (and it is, or nearly always is), the rise in wheat has no influence upon the price in the United States.

In an interview given on Aug. 22, President McKinley said: "The cause of the present boom in the west is undoubtedly due, in a great measure, to the large crop and high prices caused by the failure of crops in other countries."

"Flood With Price" to Farmers Abroad. If the Republicans desire to claim credit for the high price of wheat, they must assume responsibility for the famine in India. Will the Republicans invent "pilot with price" to the famine as an evidence that the Republican party is redeeming its campaign pledges?

Will the Republican party change itself to use its best efforts to continue the famine abroad, as it pledged itself last year to promote international bimetallism?

The most significant thing about Republicanism rejecting silver is that wheat is that in admitting the rise to be beneficial they answer the arguments made last fall by the leading advocates of the gold standard and plant themselves on the ground heretofore occupied by bimetallists.

We were told last fall that an appreciating dollar was a national blessing, and yet within a year the entire Republican press is in the attitude of the purchasing power of a dollar has been to some extent decreased.

The wage earners were told last fall that a rise in the price of commodities would be detrimental to them, and yet, behold, how happy the Republican spellbinders are because one great staple—flour—has risen!

How Will Prosperity Be Divided?

The laboring men were told that their wages would be raised by the rise in wheat, it required more dollars to buy a given amount of food and clothing. Can it be that our opponents have forgotten the "railway sound money machine" as they as the employees ask for their share of the promised prosperity the large employers will be tempted to raise wages or cease boasting that prosperity has returned?

While the Republicans seem to have come over to our position, there is this essential difference between them and the bimetallists. The latter desire to raise all prices to the bimetallic level and then keep them there by a financial system which will furnish a standard money sufficient in volume to keep pace with the demand for money. The former press a dear dollar, but grow happy over the cheapening of the dollar in its relation to a few articles.

A general rise quickens enterprise for the time being, and the maintaining of the level, when reached, protects business in general, and the producers of wealth in particular, from the disastrous effects of falling prices. It is in a few articles may bring advantage to those who produce such articles and yet be a detriment to those who are engaged in the production of articles which do not enjoy a corresponding rise.

Will Wages Rise Too? A few instances may be given. If wool rises, the woolgrower will be benefited, but the wool consumer of woolen goods will suffer unless there is a corresponding advance in the price of woolen goods.

But an advance in the price of woolen goods is an injury to those who wear woolen goods and enjoy a corresponding increase in their income. If sugar rises, the Sugar trust reaps the benefit, but it must be at the expense of those who consume sugar, and the consumers of sugar can make enough more to cover the increased price. So, when wheat rises, the wheat grower is benefited, but he profits at the expense of those who use flour unless the latter in some way secure a corresponding increase in their income.

A general rise in prices should be followed by a rise in wages. Mr. Carlisle in his speech of 1875, long trouble took the advantages to be secured through the Bland act, said, "Instead of constant and relentless contraction, instead of a constant depreciation of money and depreciation of property, we will have expansion to the extent of at least \$5,000,000 per annum, and we will influence the exchangeable value of commodities, including labor, will soon

played in paying off mortgages. This inflation will be somewhat restricted, by the demand for merchandise, but will be less than it would be under ordinary circumstances. The reason given above for believing that bimetallism will find encouragement rather than discouragement in present conditions is the same which has been given by other advocates of bimetallism. Those who advocate free coinage may be wrong, but they agree upon the principle which underlies the money question, and they are not likely to be frightened away from their position by events which enforce their position.

The law of supply and demand explains the fall in silver as well as the rise in wheat. To what extent the rise in silver may have been accelerated by speculation in silver bullion I cannot say. It would be possible for the price of a general rise and a subsequent level of prices would be widespread and permanent.

The owners of money and the holders of fixed investments are the only ones to whom rising prices bring a real injury, and all the rise in prices is partly rendered by the greater security given to investments.

If it is said that rising prices do not injure the owners of money and those enjoying fixed incomes, let it be remembered that the restoration of bimetallism can only take place by a rise in the price of the gold standard. It is a choice between falling prices in the money market and a rise in the price of the gold standard. The gold standard gives a perpetual advantage to the money owning class and works a temporary advantage to the producers of wealth, while bimetallism gives a perpetual advantage to the producers of wealth and a temporary advantage to the money owners and then establishes justice between all classes by preserving stability in purchasing power of the dollar.

Those who understand the cause of the recent rise in wheat know that the price will fall when foreign crops again become normal. In fact, wheat has already receded twice owing to the fear that the first reports of foreign crop failure were exaggerated. The report of price of wheat for the year ending June 30, 1932, was \$1.01; for the year following it was 90 cents; by the 1st of November, 1933, the price had fallen below 70 cents.

What will be the political effect of this temporary advance? That it must be adverse to the Republican party is certain. If any one holds enough to credit the rise to the new tariff law, to the gold standard or to "restored confidence," the spell will be broken. The Republican party, and the Republican papers which follow it, are calling attention to the price of wheat as simply laying up for themselves additional trouble.

The advocates of bimetallism can rejoice in the rise while it lasts, and in the testimony of the rise to the increased volume of money, with the short lived benefits of a spasmodic rise, due to a famine so distressing as to appeal to the sympathy and charity of the American people.

An official treaty of the agricultural department has recently issued a statement estimating that the farmers of the world have lost over a billion dollars in wheat crop this year several hundred millions more than they received for last year's crop and points out the stimulating effect of this amount of money on other branches of industry. This is another confirmation of the argument that the bimetallic standard is a money coming from Europe—a Good Sign.

A large part of this money comes from abroad. Wheat is not only the great but more of it being exported. If we had enough money in this country, an increase in the volume would be an injury.

If an increase in the volume of money, secured by the exportation of higher wheat, gives cause for rejoicing, it is not evidence that we now have an insufficient quantity?

If the farmers are constantly reminded of the large increase in the value of this year's crop, they will not be able to calculate their loss the more easily when wheat goes down?

It is not possible that the pleasure experienced from the rise in wheat will lead farmers to desire a further rise in the price of other farm products? When they learn the advantages of restored prices, will they not seek to secure them by means of sustaining prices than a drought or a famine? The department official has also pointed out the danger by emphasizing the benefits received by other industries from the farmer's prosperity.

Quoted McKinley. The president during the last campaign gave utterance to a very effective phrase when he suggested the great of the mills instead of the mine, but he was answered by the statement that the mills would open their doors to the people were able to buy the products of the mine. When a government official points out the advantages accruing to the country from the fact that the farmer has several hundred millions of additional money to spend in paying debts and buying merchandise, he strengthens the position taken by bimetallists.

If the rise in wheat will enable the farmer to pay his debts, to buy more promptly and have money left to buy merchandise, how much greater would be the general benefit if the rise extended to all agricultural products?

In calculating the political effect of a rise in wheat it must be remembered that many farmers were threatened with foreclosure during the last year and that a considerable part of the money received for wheat will be con-

sumed, however, according to the report issued by the director of the United States mint in 1934, undertaken to furnish 15 rupees in exchange for \$1 (gold). This fixed the ratio at about 34 to 1 and gives the Indian farmer an advantage of about 60 per cent over the American farmer.

The fact that silver and wheat have parted company will cause no dismay to those who understand that the law of supply and demand regulates the price of both. It is the contention of bimetallists that the opening of our vents to the free and unlimited coinage of silver will cause the demand for a unit price for silver, just as a unit price is now fixed for gold. They further contend that the demand thus created by law will be sufficient to utilize all the silver presented, and thus the bullion value will be raised to the coinage value.

Some of our opponents have insisted that silver at \$1.29 an ounce would make the silver dollar hard to obtain as the gold dollar is now, but they ignore the fact that an increased volume of standard money will lessen the purchasing power of a dollar, whether it be of silver or gold, and thus restore prices to the bimetallic level.

Was There the Republican Deceit? What has the Republican party done to bring prosperity to the American people? It cannot be said that the mere election of a Republican president upon a Republican platform brings prosperity, because business failures and bank failures increased after election. International bimetallism cannot bring prosperity until an international agreement becomes more probable than the present. Since the Republicans have contained themselves, for the present, with legislation on the tariff question, they must look to the tariff law and to that alone for such aid as political action can give.

They are justly entitled to credit for the good which it brings and justly responsible for any injury which it inflicts. The opponents of the Dingley bill called it "legislation of the trusts, by the trusts and for the trusts." That the beneficiaries of the bill are the trusts is to be expected, but can the Republican party show that the law has brought any real advantage to the people in general?

Nothing can better disclose the weakness of the Republican position than the joy manifested by Republicans over events for which their administration and their policies are in no way responsible.

Physical strength and energy contribute to the strength of character and will be had by taking Hood's Sarsaparilla. GLENDEANE.

Front on night of the 17th. Cold-shoulders are being filled. Julian went to Hardinsburg Saturday. Dr. Dempster visited Irvington Monday.

John Deane was in Hardinsburg Monday. Willie Robertson was at West View last Saturday.

R. Moorman went to Louisville Monday. Mr. and Mrs. Eli Deane are in Louisville this week.

Charley Deane returned Monday from Dawson Springs. Miss Nannie Fisher, Rockvale, entered Utopia this week.

Buck Moorman returned from Louisville Saturday. Roy Cain, Irvington, was here Saturday and Sunday.

A. A. LaFette is here, doing some roofing for W. C. Moorman. D. C. Moorman has decidedly the best tobacco of the neighborhood.

L. H. Deween's fall millinery stock has been "talked" of Glendene. The colored people are talking of building a church in Glendene.

Clint Westerfield is giving the Mattingly House a thorough painting. The colored school opened here Monday, Mrs. Jim Alexander, teacher.

It's a ten-pound boy that's spreading his smiles over Bob Farmer's face. The coming of the candidates on next Wednesday is the event of the week.

Rev. Hinton, colored, of Hardinsburg, preached twice at Glendene Sunday. Henry Moorman and Vic Robertson went to Hardinsburg Saturday afternoon.

Miss Irene Board went to Hardinsburg Saturday morning. Mrs. Starn, of Rockvale, died Friday morning. She was buried at Fordville.

Sidney Owen began his school at Mattingly's Schoolhouse this morning (13th). Miss Melissa McDaniel, of McDaniel, left here Saturday morning for Henderson.

Miss Jennie Green, Falls of Rough, went to Louisville Monday, to enter school. Jesse Moorman has returned from Chicago, where he has been for several weeks.

Water is getting scarce, and farmers are driving their stock to the creek every day. Don't go away to purchase your fall millinery; your requirements can be met at Deween's.

A. A. and Ernest Robertson started to Cincinnati Saturday with three carloads of the cattle. Albert Beauchamp, of Grayson county, was here Saturday, delivering cattle to D. C. Moorman.

Joe Mattingly went to Fordville Saturday. He will be visiting at Owensboro before returning. Miss Amanda Deane is at home, after several weeks' absence at Owensboro, Holt and Addison.

T. H. Moorman and Willie Robertson went to Glasgow and Butler counties, last week, cattle buying. Charley Payne, Harard, and Ray, James Tucker, Hardinsburg, were in town Friday afternoon.

Miss Carrie Owen is in Louisville.
